

September

1 Draw a 1st day of school portrait

Add as many details as you can:

- what did you wear?
- what hairstyle did you have?
- what were you feeling?

2 Listen to an audio book together

Check one out from your library or visit a free site online.

4 Stack 'em cups

Starting with 4 on the bottom, stack 10 plastic cups in a pyramid. How fast can you stack? How fast can you unstack them?

1 cup salt
2 cups flour
3/4 cup water

3 Make salt dough

Follow the recipe, then see how many sculptures you can create. Can you make a ball? Or a snake?

5 Learn your info

Set a goal to learn your phone number this month! Practice every day until you have it memorized. Already know your phone number? Practice your address.

6 Apple prints

Cut an apple in half, dip the cut side in paint (or ink pad) and press down onto paper. Make a card, decorate a lunch bag or just create some apple art to hang on the wall!

7 Magic Bottle

Fill a plastic water bottle with water + one squirt of liquid soap. Drop in anything you want; glitter, beads, marbles or small toys. Put the lid on and shake up!

8 Write a letter

Write a happy note to someone you care about. Tell them about some of your favorite things. Don't forget to ask them to write you back!

9 Play the Balloon Game

Blow up a balloon, then try to keep it in the air as long as possible. For a challenge, hit it with body parts other than your hands; feet, elbows, even your nose!

10 Draw with chalk

Make pictures on the sidewalk or driveway! Draw a 10-square hopscotch board and practice counting while you play.

Thank you for downloading this free product!

Please use this product for:

- your own personal classroom use (also for use by your students)
- reviewing for the purpose of recommending to others, and providing a purchase link to this product on my TPT site

I hope you enjoy using this product in your classroom!

Please visit my TPT store for other creative lesson plans and activities!

I appreciate your business and would love to hear from you:
